{Verse 1:}

This one is for my God with his blessing system  
He cool like AC cooling' system  
When he come up in our life he be saving us  
Got stacks on deck he be giving us  
He's real, 4real, he is that deal  
He turned water into wine paid that bill  
He cool, he dope, he not stuttin' the pope  
He always in the air, but he never fly coach  
Heâ€™s the captain of my trip, trip, sailor of the ship,  
ship  
He can make it rain yeh you can make it drip drip  
That's the kind of king I was looking' for  
And you'll get saved if you're searching though  
I said, excuse me you're the king of the sky  
I mean my, my, my, my like pelican fly  
I mean, you're so true not a guy that can lie  
You're like supernatural guy wit not thorn on his eye,  
RAH!!!  
Yes I did, yes I did, somebody tell him Christ is why I  
live  
I am Ms. K I pack my tools up, back the coupes up, and  
chuck the deuce up

{Chorus:}

Lord you got my heartbeat running' away  
Beating like a drum when blessing your name  
Can't you hear that boom, badoom, boom, boom,  
badoom, boom  
(Canâ€™t you hear that super praise)  
Boom, badoom, boom, boom, badoom, boom  
(Canâ€™t you hear that super praise)  
Repeat...

{Verse 2:}

The one is for the folks with that wisdom  
Entrepreneur marching for the kingdom  
You could pray with the crew, he could solo  
But I think I like him better when he sing yo  
And I think I like him better when he singing my song  
He ain't even gotta turn the Mac Book on  
He just gotta give me that hook, when he give me that

look

Then I start going off, off,

Excuse me you're the king of the sky

I mean my, my, my, my like pelican fly

I mean, you're so true not a guy that can lie

You're like supernatural guy wit not thorn on his eye,

RAH!!!

Yes I did, yes I did, somebody tell him Christ is why I  
live

I am Ms. A I pack my tools up, back the coupes up, and  
chuck the deuce up

{Chorus:}

Lord you got my heartbeat running' away

Beating like a drum when blessing your name

Can't you hear that boom, badoom, boom, boom,  
badoom, boom

(Can't you hear that super praise)

Boom, badoom, boom, boom, badoom, boom

(Can't you hear that super praise)

Repeat...

{Bridge:}

See I need you in my life for me to stay

I know no, no, no, know that you'll stay

Oh, no, no, no, no, no don't go away

Lord you got my heartbeat running' away

Beating like a drum when I'm blessing your name.

Can't you hear that boom, badoom, boom, boom,

(Can't you hear that super praise)
