Would you believe me  
If I said My head is spinning without you  
Would you believe me  
If I just want to let you know how I feel about you

Now I want to know what I can do to make you stay with  
me tonight  
'Cause I do  
Would you believe me if I leave you, cause here I go

Am I reaching you now  
I'm just trying to tell you that I'm letting you go  
Am I reaching you now  
Dearly departed now that you've started, I'm going to  
finish it

Would you believe me  
If I held on too tight to make it without you  
Would you believe me  
If I just gotta let you know I can't live without you  
Would you believe me if I leave you cause here I go

Am I reaching you now  
I'm just trying to tell you that I'm letting you go  
Am I reaching you now  
Dearly departed, now that you've started it, I'm going  
to finish it

Now I don't mean to test your faith  
Or make you think that I wont wait for you  
'Cause I will  
But baby this is all I got  
So I'm gonna give it one last shot  
I would give you more than enough  
But baby I got to let go  
Let you go

Would you believe me  
Am I reaching you now  
I was trying to tell you I was letting you go  
Am I reaching you now

Dearly departed, now that you've started, I'm going to  
finish it

(am I reaching you now)

Gotta finish it

Gotta finish it

Dearly departed, now that you've started, I'm gonna  
finish it
