We will never die

Rest your heavy eyes
Tonight's our last night
We're learning how to move
From what we have become
What we've become

We dance this masquerade
Step by step, it's all the same
Please lose all fear
Remember my name

Place your bets
Place your fucking bets
You can never win
This isn't a game
And it's never been

If I'm going down, you're coming with me
Take my hand, I'll set you free

We dance this masquerade
Step by step, it's all the same
Please lose all fear
Remember my name

This is the part where you all
Lose the thought that we will fall
Forget your state of mind
Because we will never die

Die
We will never die
We will never die

We dance this masquerade
Step by step, it's all the same
Please lose all fear
Remember my name
Remember my name

We dance this masquerade
We dance this masquerade
We dance this masquerade
We dance this masquerade

Remember this line
This is why we'll never die
