Traffic on your mind
Kill you like a disease.
Fire in the sky
It's raining heavily.
There will come a time when you decide
It's fight or flight and you've had enough.
Something in your eye
Tells me what you need.
A lover by your side and
Some fresh air to breathe.

Leave it all behind and
Run away with me. (2x)

Chorus:
O-way-a
O-way-a
O-way-a
O-way-ahhh

Hit the gas and drive it
Like you stole the thing.
The melody's alive so
Let me hear you sing.
Feel your heart ignite, elevate,
Satellite, and float down again.
Free and feeling high
On new found clarity.
The sunny summer shines in solidarity.

Leave it all behind and
Run away with me. (2x)

Chorus:
O-way-a (I know you feel it now)
O-way-a (Come on I'll show you how)
O-way-a (Let it go and run away with me)
O-way-ahhh (2x)

Embrace the charge that's
Flowing through you.

Running down from high above.
Melt the pain away inside you.
Burning rubber, fueled by love.
Break away, no chance of stopping.
Liberation in your wake.
Feel the rhythm, heart is popping.
What's finally mine is yours to take. (3x)

Chorus:
O-way-a
O-way-a
O-way-a
O-way-ahhh
