What, what's keeping us from moving?
What happened to the passion in our lives?
Look, what? See what he's been doing
Stirring up the fire deep inside

We're like diamonds in the dust
But our beauty's covered up
Gotta throw the shadows off to catch the light

I know we can shine
Shine like crazy
Shine like crazy
Shine, shine like crazy
And shimmer like the sun

Free, that's what we're meant to be
To run and laugh and love and dance and sing
A volatile concoction of gratitude and grace
It's contagious, that's a beautiful thing

So don't go entertaining doubts
Just pack them up and throw them out
We're making room for love to live inside

I know we can shine
Shine like crazy
Shine like crazy
Shine, shine like crazy
And shimmer like the sun

Baby, we can shine
Shine like crazy
Shine like crazy
Shine, shine like crazy
Shimmer like the sun

It's contagious
[Incomprehensible]
[Incomprehensible]
It's beautiful
[Incomprehensible]

This is where it gets exciting
When love has struck like lightning
It starts a fire that burns across the sky

I know we can shine
Shine like crazy
Shine like crazy, crazy
Shine, shine like crazy
Shimmer like the, shimmer like the sun

Shine, shine like crazy
Shine like crazy, crazy, crazy, crazy
Shine like crazy
Shimmer, shimmer like the sun

That's a beautiful, baby
[Incomprehensible]
It's a beautiful, baby
[Incomprehensible] it's contagious
[Incomprehensible], that's contagious
Crazy, and shine like, crazy
