The first time I saw you I was,
Too shy to say anything
And now it's like I've got the nerve but,
Your eyes, they shut down my brain.

And it's the way,
The way that you walk by,
It makes me go insane.

So give me one shot, one chance,
To make this right.
Only got one voice, one song,
To make you mine.
And it's like whoa-oh,
You've got me now.
Whoa-oh,
Can I make you happy now?

And now I'm all composed and ready,
Ready to make my move.
I took her hand, said "Let's go steady,"
That's just the way I do.

And it's the way,
The way that you walk by,
It makes me go insane.
And it's the way,
The way you catch my eye,
It makes me wanna sing

So give me one shot, one chance,
To make this right.
Only got one voice, one song,
To make you mine.
And it's like whoa-oh,
You've got me now.
Whoa-oh,
Can I make you happy now?

And it's like the perfect night,
When the last thing I see's your eyes.
Goodnight, goodnight...

So give me one shot, one chance,
To make this right.
Only got one voice, one song,
To make you mine.
And it's like whoa-oh,
You've got me now.
Whoa-oh,
Can I make you happy now?
