BLISS

VERSES 1-2

Bliss is boring
(Bliss in second place)
Like your kiss in the morning
(Every second that I had to waste)
And now my life lies before me
(I see, I see)
And my eyes are bleeding

Dreams now denied
(Dreams now going to waste)
As I blink it passes by
(Automatic change of fate)
And now I'm living in a lie
(I breathe I breathe)
And my thoughts are peeling
(Consider this, Consider this)

CHORUS 1

Consider now to fucking stand.

CHORUS 2

Consider now to fucking stand
Stand your ground
Surrounded by sound
Of your own beliefs and your creation
And I know
To know yourself
Scream out loud
Give yourself consideration
Like now

BRIDGE

I think it's about time
We try and speak our minds
About the things we're too scared to press on
Its time to take the blame

And then weâ€™ll play the game
With a little bit of love and some aggression
Bring the enemies down
Unto the permanent ground
Gather around
Iâ€™m gonna light you on fire
Let's all face our fears
Evaporate our tears
Because itâ€™s in the way of us
Moving on.
