Verse 1

I'll wait for more yes
I'll wait for more yes
I'll wait for more with an empty cup

(Now fill me up again because I'm never drunk)
(Now fill me up again and I will never run)

My vessel is dry yeah
My vessel is dry yeah
My vessel is dry like many times before

(Now I find myself sitting next to a whore)
(In the corner of regret that I could not ignore)

PRE CHORUS

I'll wait for more yes
I'll wait for more yes
I'll wait for more

CHORUS

You gotta get this feeling
You gotta run it through my veins
I gotta take it way back, to where I started
To see how I'm living

You gotta free my mind to know
Dilute my heart of stone
I gotta take it way back, to where I started
But first I'll wait for mere

VERSE 2

I'll wait to see yes
I'll wait to see yes
I'll wait to see with an empty cup

(Now fill me up again because I'm never drunk)
(Now fill me up again and I will never run)

I feel so alive
I feel so alive
I feel so alive like never before

(Now I find myself standing outside your door)
(In the corner of regret that I could not ignore)

PRE CHORUS

I'll wait for more yes
I'll wait for more yes
I'll wait for more

CHORUS
