I scream from California
Making the list on the shiny leather
I can't say goodbye when I'm handcuffed to you
I'm doing the dress for the first time ever

If you came back
It'd just be me and you
If you came back
It'd just be me and you

I don't know how you dream of all things that you
say
Never died in an airplane, swam it away
To a desert island where they all know your name
Whenever
Whenever
Whenever you gonna stay

I'm too exhausted to open my mind
When we sell it in the back of your car
I was a boy in front of your eyes
A pink carousel to remind me how

If you came back
It'd just be me and you
If you came back
It'd just be me and you

I don't know how you dream of all things that you
say
Never died in an airplane, swam it away
To a desert island where they all know your name
Whenever
Whenever
Whenever you gonna stay

Come on paradise you're losing me
Get on my knees and lick the streets clean
Come on paradise you're losing me
Get on my knees and lick the streets clean
Come on paradise
Come on paradise you're losing me

Come on paradise
Come on paradise you're loosing me

I donâ€™t know how you dream of all things that you
say
Never died in an airplane, swam it away
To a desert island where they all know your name
Whenever
Whenever
Whenever you gonna stay
Whenever
Whenever
Whenever you gonna stay
Whenever
Whenever
Whenever you gonna stay
Whenever
Whenever
Whenever you gonna stay
Whenever
Whenever
Whenever you gonna stay
