I'm damned if I'm forgotten  
Don't walk into the light  
They said I'd live forever  
If I held my ground and finished the fight

My heart is heavy and  
My sword is drenched  
In my own blood

They won't go down  
Their numbers are too great  
My army falls to the ground  
Perhaps it is too late

Staring at the sunset's dying glow

My days are done of ruling all  
Here comes the fall

And I will stand  
And I will wait here forever  
Lonely is the last one to leave behind all  
"Fall of the Tyrant" they call

I break the wall  
This is all in sight  
I break the wall  
Slay in the dark of night

Put down your weapons and I swear  
That I'll spill no more blood

I need to crush this revolt  
Or my kingdom is doomed  
I need to smash the faces  
Of those who hear the truth

Men will die before their pride is gone

I don't want to die  
Not like this  
I'm not in a dream

This can't be real
