In this world the best thing is to be yourself, so I'm still
trying to bust out and free myself
Who can you be when there's no one else, I got a long
list of things that decrease my health
People never gave a shit about how I felt, therefore I
turn the heat up and hope they melt
A lot of speculation, got me hesitating to further my
escalation to rap fame placement
Violation, of my rightful education can't stop me in this
race from staying adjacent
To the legends and veterans hoping I ace them, all the
obstacles I been facing got me proving I'm amazing,
This is it, so i prepare for life, i got a long list of things
that i could do right,
my pen bleeds, voice throws up approach the mic, and
what you hear in your ear is this thing called life
I made a promise to myself not to lie no more, cause
you never know what karma has in store
You really thought you had it all figured out before, but
then life gets tricky and throws a curve ball
I'm 6 foot tall with wide a wide imagination, so I guess
you could say that I'm groomed for greatness
Pay homage to the great ones who paved the way, if I
ain't had my jams i wouldn't rap today
Gotta thank god raise my head and say, I'm glad good
music is here to stay
And I'm glad you choosing this song to play, I don't
know what I would do without this day
I hope these young kids can weed out the fakes, cause
without the real shit rap would be erased
A whole buncha wankstas braggin bout cake, when
they baby turn one they don't even send it cake
This is real shit that you don't even know about, tron 5
thou, I'ma take this vow, figuratively rip my heart right
out
You can tell whats on my mind from what comes out my
mouth
I'm this I'm that I'm all of the above, and you cant get
nowhere on this earth without love,
Shoulder shrug to the haters who question me tough,
I'm better then theyâ€™™ Il ever be so they can go fuck
Themselves like they obsessed with self lust, and the

only thing i want is for Tron to have trust
For Tron be to loved, for Tron to think of us when
there's no one else,
then just be yourself
