when i look into ur eyes im a trouble maker
when i stand next to u im a trouble maker

little by little...more more more
as we go on...more more more
now i cant help my heart either

[i keep being in front of you so u cant forget me
ill keep on shaking ur heart so u cant escape me
ill steal ur lips and run far away
im a tro tro trouble maker
trouble maker]#

ill bite your heart and run away like a cat
u will keep geting irritated so come to me and get mad
my sexy walk ignites the inside of your head

the slight skinship.your eyes on your face say that u cant take it anymore
as we go on you will fall even deeper.i like you more as i get to know you baby

i think im drunk with the thoughts of you lady
i never never stop

repeat#

how can i put you in my heart[trouble maker]
now i will go whether my heart takes me
i never never stop.i cant stop.repeat#
