The weight
Of a simple human emotion
Weighs me down
More than the tank ever did

The pain
It's determined and demanding
To ache, but I'm okay...

And I don't want to let this go
I don't want to lose control
I just want to see the stars with you

And I don't say goodbye
Someone tell me why
I just want to see the stars with you

You lost, a part of your existence
In the war, against yourself
Oh, the lights,
They light up in lights of sadness
Telling you, it's time to go

And I don't want to let this go
I don't want to lose control
I just want to see the stars with you

And I don't say goodbye
Someone tell me why
I just want to see the stars with you

Don't give it up just yet stay
For one more minute, don't give it up just yet
Stay... grand (3x)

And I don't want to let this go
I don't want to lose control
I just want to see the stars with you

And I don't say goodbye
Someone tell me why

I just want to see the stars with you

With you
