I can see inside your head
God damn you are so perverse
I like the little games you play,
You could really make my day
You make me look so special there,
Dancing in my underwear.
Feel it tickle in between-
I'll make you my superqueen

So dirty for you
So ugly

They don't know and I don't care
Only you can take me there
I want to do you like a man
Until you bleed and beg for mercy
Bend you over for some more,
Make you my special whore
Have you clean me head to toe
Dig in you and scratch your soul

[bridge]
I want to fuck you to death,
I want to hurt you so bad (x2)

[chorus]
I don't know why
You make me so high
Your blood, your flesh
It's a crime
I will make you mine

[Repeat Bridge]
[Repeat Chorus x2]
[Repeat Bridge]
