Batman on the caller  
Female boss  
British Swag

Batman on the caller  
Saying sure he come on over  
Bring your body little closer  
Cuz I want to get to know ya

Yo my name's Tulisa and I come from London town  
From Leicester to north Weezy baby, I'll show you  
around  
Got links in every city, introduce you to my pals  
Go with some british gangstas, show ya how do we get  
down

The more we rock together  
We'll never, no no no we'll never stop  
I'm all about my dollars  
But I specialize in pounds, specia specialize in pounds

I know you love my accent darling  
I got that british british swag, that british british swag  
I'll take you right into the top of the morning  
I got that british british swag, that british british swag

Yea I know you recollect why I'm down  
But guess what, baby baby me too  
Now I'm thinking we should be me and you  
I got that british british swag, I got that british british  
swag

Still in the hood movin shhhh but I don't break a sweat  
Lookin like I'm sprung to buy a Nike the way I change  
my prayer at night  
Time you think I had to do, the way I spend peace  
Go to selfages, blow it quick, 10 G's
