[Verse 1]

I want to get so high today that I can fly away  
On some bomb ass weed that got me screaming  
bombs  
I feel like it ain't no easy way can't be a harder way  
I just gotta pray.. Man god'll show my moms away  
I just threw some money out the window of my car  
today  
Just copped my six ring this year the Michael Jordan  
Way  
I fought for everything tho.. I lived that The Sparring  
Way  
I fought when I was boxed in yeah thats the boxing way  
If the seed treated right dont worry about the height  
Surrounded by the right soil with the perfect light  
It should grow to be some nice shit  
So surround your damn child around the right kids  
My pain is the influence on why I write this  
Like a status you can't relate to you like this  
You can't come in if your name Ain't on the right list  
I got the balls to say what you think like a psychic

[Hook]

Uhh

You know I'mma smoke my weed (3x)  
Kush.. Purp.. Mid... Loud.  
You know i'mma smoke my weed (Loud)  
You know i'mma smoke my weed (Loud)  
You know i'mma smoke my weed (Loud)  
(Loud..Loud) You know i'mma smoke my weed (Loud)  
You know i'mma smoke my weed (Loud)  
You know i'mma smoke my weed (Loud)

]Verse 2]

What you say and how you say it, can be different if  
you asking  
Cause its a big difference between a language and a  
accent..  
Perfect example on how you complement with actions  
Just think about the time that's in religion versus  
practice  
It hurts giving your all if they look at it as average

The one with the most pain is usually laughing, hiding  
Personality loud but on the inside he quiet..  
Pain and Anger usually makes me want to riot..But me  
getting my feelings out (out)  
Usually comes in silence (2x)  
And if you hit her just dont think you finna pass her to  
me.  
I guess I'll be the first to say opionions matter to me !  
But I won't let that change me, Im still the same me,  
And I will remain me  
My lil brother make beats, what I spit is straight heat  
Real nigga Avenue take shit to fake street

[Hook And Bridge]
