At ease my life is falling down  
I know it will come around  
The tension in the air will fill my soul  
I see it coming

I can't help myself my feelings are immune  
Make me see make me bleed  
I know what's coming

Reach for the inner light (my strength will make it  
happen)  
I think we're out of sight (don't want to see you cry now)

My tears of innocence  
I know this is my turning point  
The tension in the air will fill my soul  
I see it coming

I can't help myself my hand are soaked in blood  
Do me wrong do me right  
I know what's coming

Make it come around and crush me with your hands  
Make it come around to me
