Take me to your antichrist take me to the Promised  
Land  
I know that you want to fight and crush me with your  
hands  
You see what you want to see mocking everything in  
sight  
But I'm just what you can be and I'll step into your  
house

It's been awhile I know that but you are still my enemy  
And I know this is the time for preaching

Ruler of the spinning world

What now this is the end the time is out to confess  
Come here 'cause I'm going to send and clean up this  
mess

I could be right about something that you are far away  
from me and it's  
Still the same old song I'm singing

I'm out on the open road got to take it slow  
You are my enemy waiting for the ultimate blow  
Gotta reach for the spinning light 'cause it's gotta hold  
on me  
You're blindfolded by your hate and it's doing that you  
just can't see

But I love you anyway I don't care what you say  
And I'm begging you please  
Do it right and set my mind at ease

What now, you've coming back you've returned, back  
for more  
Do what you wanted to and leave me with a doubt  
In my eyes I see this world of hate  
Take me to your antichrist take me to the Promised  
Land

It's been awhile I know that but you are still my enemy

And I know this is the time for preaching

But I love you anyway I don't care what you say  
And I'm begging you please, please come back to stay  
It's like a world without the eyes a world so full of lies  
And it's driving me insane so do it right and set my  
mind at ease
