Baby, I can't figure it out
Your kisses taste like honey
Sweet lies don't gimme no rise
Oh, oh what you're trying to do?

Livin' on your cheatin'
And the pain grows inside me
It's enough to leave me crying in the rain
Love you forever but you're driving me insane
And I'm hanging on
Oh, oh, I know I'll win, I'll never give in

Our love has got the power
Too many lovers in one lifetime
Ain't good for you
You treat me like a vision in the night
Someone there to stand behind you
When your world ain't working right

I ain't no vision, I am the man
Who loves you inside and out
Backwards and forwards with
My heart hanging out
I love no other way
What am I gonna do if we lose that fire?

Don't try to tell me it's all over
I can't hear a word I can't hear a lie
No man could love you more
And that's what I'm cryin' for
You can't change the way I feel inside
