"Saving You"

Sit back, you're not so different.
Drop the gun, don't hurt anyone.
I know the pain inside, just look into my eyes.

Cry. It's just you and I,
We've got through everything,
and everything's alright.
Look into my eyes,

Don't say goodbye.
I'll be your friend,
turn the lights off baby, think again.

Don't say goodbye,
I'll be your friend.
I'll keep on saving you over and over again.

Tonight could change your life and-
tonight I'll be here my friend.
I'll keep on saving you over and over again.

Tonight could change your life and-
tonight I'll be here my friend.
I'll keep saving you over and over.

Sit back, you're not so different.
Drop the gun, don't hurt anyone.
I know the pain inside, just look into my eyes.

Cry. It's just you and I, We've got through everything,
and everything's alright.
Look into my eyes,

Don't say goodbye.
I'll be your friend,
turn the lights off baby, think again.

Don't say goodbye,
I'll be your friend.
I'll keep on saving you over and over again.

You've got nothing to die for, so live it up.

You've got nothing to cry for, for get it all.
You've got nothing to die for, so live it up.
You've got nothing to cry for, for get it all.

Tonight could change your life and-
tonight I'll be here my friend.
I'll keep on saving you over and over again.

Tonight could change your life and-
tonight I'll be here my friend.
I'll keep saving you over and over
