All that I wanted was to be in your arms
And right here invite me into your arms
I want you to hold me in your arms

It's already too late
My heart is open
Despite my efforts
To keep it closed
But I can't forget that day
I was waiting
Then you saw me
Walked towards me
With a tilted smile

All that I wanted was to be in your arms
And right here invite me into your arms
I want you to hold me in your arms
In your arms

All that I wanted was to be in your arms
And right here invite me into your arms
I want you to hold me in your arms

All that I wanted was to be in your arms
And right here invite me into your arms
I want you to hold me in your arms

All that I want is to be in your arms
And right here invite me into your arms
I want you to hold me in your arms

All that I wanted was to be in your arms
And right here invite me into your arms
I want you to hold me in your arms

All that I wanted was to be in your arms
And right here invite me into your arms
I want you to hold me in your arms
