(Verse: Tye Dye Rhymes)

Nah I dont think its over, I dont think its over  
Ive always talked money,  
Disregarding what they spoke of  
Knock you out your loafers  
Rap games prominence, my fans offering  
Im just glad they bought the shit  
Cause with out them, I would have nothing  
Butt fucking hunnies like a hand up a puppet  
You smoking nugglets, Im smoking tree stumps  
Two shots of roc got me spinning like a tea cup  
You my main babe, at least thats what you say  
But everytime I try to chill you be ditching me  
Well I can ditch too, get a bitch or two  
Invite them over to the crib thats the ritual  
Uh now light up a doagie  
So open its like youve known me  
About as long as my homies  
You chill, and I like that  
Give me chills, frost bite that  
These hoes tryna steal my flow  
And Im snatching that mic back  
Catch me where the kites at  
We the proud cloud  
Wonderin where your wife at? check my house  
I dont need a spouse, cuffin ain't me  
But unfortunately this world be gettin lonely  
But hey, thats cest la vie  
And uh hey, that ain't free  
But uh hey thats cest la vie  
First name like O my last name G  
I been fucking since three  
Stop fucking up my chee  
Put my D so deep she be buckling her knees  
Sheez, thats rough huh?  
I duck fives and fuck nines  
Mixing up a bit of purp and sprite  
To get my cup right.

(Hook)

Cause we loud and proud  
All these old folks tell us turn it down

Cause we loud and proud  
And ain't a single mother fucker gonna turn me down  
Loud and proud let the beat pound  
On some brand new sounds  
And you can't tell us nothing  
Say we too loud thats exactly what we puffin  
Loud and proud all these old folks tell us turn it down  
Because we loud and proud  
And ain't a single mother fucker gonna turn us down
