Mmm  
Yeah!

They say I'm young, but my purpose is the inspiration  
Of a nation innovation  
Till I change the talking to a conversation  
I'm like the doctor and my patients are anxiously waitin  
Healin all the hatin that's fakin in the paperchasin  
It's hard to live up to these expectations that I'm facin  
And gain the admiration of an older generation  
That's why I'm pacin back and forth  
Contemplatin, meditatin  
How to use what I've been taught as a positive force

Oh! (Oh!)  
This is who I am (It's all me yo)  
I wish you'd understand (I feel free yo)  
It's time to set me free  
My guardian Angel  
Oh! (Oh)  
No matter what I do (They try to stop me)  
I'm still a part of you (But they can't stop me)  
I hope you'll always be  
My guardian angel

Mmm  
Yeah yeah

I wanna be the greatest in the world  
Not for the money or the fame or the girl  
Not for the car keys and the jet skis  
Or the vacations in the West Indies  
But simply cause I love it  
When I write I'm like a puppeteer  
Pullin my strings till the melody sings and the honesty  
makes me spread my wings  
Callin me out was out your mind  
Send that thought back down your spine  
I'm on the ground its all on the line  
When I say both ways at the same time  
Most days I can't wait to rhyme  
Express my stress elevate the shine

Progress regress each step to climb  
So I take that test and I testify

Oh! (Oh!)  
This is who I am (It's all me yo)  
I wish you'd understand (I feel free yo)  
It's time to set me free  
My guardian Angel  
Oh! (Oh)  
No matter what I do (They try to stop me)  
I'm still a part of you (But they can't stop me)  
I hope you'll always be  
My guardian angel

I feel so misunderstood  
Cause my intentions were good  
If you could only see that poetry could hide in the hood  
The passion and philosophy of possibilities  
Every dream is in my reach I found my freedom in this  
beat  
Follow me now to break new grounds  
Follow your pride I make you proud  
Follow my life I live out loud  
We just preach to different crowds

Oh! (Oh!)  
This is who I am  
I wish you'd understand  
It's time to set me free  
My guardian Angel!  
Oh! (Oh!)  
This is who I am  
I wish you'd understand  
It's time to set me free  
My guardian Angel  
Oh!  
No matter what I do  
I'm still a part of you  
I hope you'll always be  
My guardian angel
