you suffer in silence
you're caged like a bird
but you can't deny this
you can't find the words
you're so electric, you light up the room
and I should just leave by myself
before i'm consumed...

Chorus:

This is the darkness before the dawn...
Something has changed, now that you've been gone,
This is a call to be moving on,
Everything comes to an end.

you're caught like a child
your hand in the jar
but what you defiled
is all that you are...
and you're so deserving, of all that you'll get
and all that you've done to yourself
you'll never forget
