After all your tears, it's been one full year, was it  
worth it, you should of said no  
You were fifteen when you had just met him  
But if you had known would you have let this happen

You're gonna give yourself away to a boy who will  
move on anyway  
You swear that you'll marry him someday, but  
you're wrong

Cause you're falling head over heels for a boy that  
you can't have  
You're sixteen, you're too young to know what  
love is and what you have  
Oh, I'm standing right before you, but you want that

I'm done wasting time, you've made up your  
mind  
Not to let go, you're just too attached  
Is this what you really wanted  
When he's a montague and you're a capulet

I told her every single day  
That I love you, it will be okay  
But, I just couldn't change how Kendra felt

Cause you're falling head over heels for a boy that  
you can't have  
You're sixteen, you're too young to know what  
love is and what you have  
Oh, I'm standing right before you, but you want that

When all that you wanted was love from the one that  
you love, but you just can't have it  
Eventually, you're gonna give up  
Cause your heart has had enough  
And you just won't have it

You're falling head over heels for a boy that you  
can't have  
You're sixteen, you're too young to know what  
love is and what you have

Iâ€™m standing right before you  
But, you want that

Oh, Iâ€™m standing right before you  
But, you want that

Iâ€™m standing right before you  
But, you want that
