Perfect day, as we lay
Underneath the tree, where we carved our name
And watch the sun go down, time slows down

Best date, first kiss, I've met the girl of my dreams
Favorite part of the day, I spent it all with you
It was a dream come true

Oh oh oh oh oh
Oh oh oh oh oh
Oh oh oh oh

Stop right there, look into my eyes
Say I love you, don't you realize
You're the air I breathe, our love lights up the sky
Baby you, then you look into my eyes
Stop right there, look into my eyes
Say I'll love you even after we die
Ride off with me into the sun set
Baby you, then you, then you look into my eyes

Blank stare at you, cause I don't know what to say
Every time you speak, you take my breath away
You tell me how you love me, girl I'm glad we met
cause you changed everything

Oh, oh, oh, oh, oh
Oh, oh, oh, oh, oh
Oh, oh, oh, oh

Stop right there, look into my eyes
Say I love you, don't you realize
You're the air I breathe, our love lights up the sky
Baby you, then you look into my eyes
Stop right there, look into my eyes
Say I'll love you even after we die
Ride off with me into the sun set
Baby you, baby you, then you look into my eyes

Hey beautiful, keep looking at me
You make my heart pound
You've got me doing circles in my head

Spinning around and round

Stop right there, look into my eyes
Say I love you, don't you realize
You're the air I breathe, our love lights up the sky
Baby you, then you look into my eyes
Stop right there, look into my eyes
Say I'll love you even after we die
Ride off with me into the sun set
Baby you, then you, then you look into my eyes
