### Verse 1

Why u slipping off, sneaking with ya girlfriends to put a lil make up on

Girl u beautiful, incredible, keep telling u don't need no facial on

As a matter of fact from ya louboutins to ya pretty hair u look immaculate

To me

It's more than a crush and I aint in a rush so I can wait for u patiently

If u do believe in destiny girl, then what was meant to be will be

I'm gonna wish on a star, that u give me the key to ya heart

### Chorus

Hush ya lips, girl I promise

That u'll never ever ever be lonely

Cos I'll be there

I can be ya superman

And if you need me, believe me

You know you can always depend on me

Cos I'll be there

Forever be ya superman

### Verse 2

Now If my love was raindrops, Shorty for u I will be a hurricane that never

Stop

And I'm a throw down, like a tsunami river rising to the top

How could you forget?

Back when we was chillin in the movies and u whispered u was into me,

But now you complaining things aint the same and you just wanna be friends

With me

If you do believe in destiny girl then what was meant to be will be

Que cera cera baby gimme the key to ya heaaarrt

You know you can always depend on me  
Cos IÂ'll be there  
Forever be ya superman
