Verse 1

Standing in the rain in my bathrobe Took about a
minute just to catch my
Breath, All I keep thinking I'm gonna miss you How
you used to lay ya head
On my chest Now I know that I hurt you girl are you
trying to hurt me back?
You're succeeding, my heart is bleeding

Pre chorus

Damn you must have a better pain threshold Cos I keep
losing my control
Fighting temptations to pick up the telephone Just so I
could hear you say
Hello Even checked the status on ya facebook to see if
you spared a lil
Thought for me Am holding back cos you just wanna
walk away

Hook

There she goes again I think this time she's gonna
break my heart
There she goes again 2x
I can't believe the pain it's just like a stake going
straight through my
Heart There she goes again
As she walks away

Verse 2

Seem to be the first thing that pops up When I wake up
to the morning sun
Reminiscing could be bad for the soul once it has
begun Broken promises,
Made apologies Said that you could never go back to
that You didn't believe
Me, thought that I was deceiving Damn you must have
a better pain threshold
Cos I keep losing my control Fighting temptations to
pick up the cell phone
Just so I could text you to say hello Even checked the
updates on ya
Twitter to see if u spared a lil thought for me Am
holding back Cos you
Just wanna walk away
Hook Double chorus

There she goes again I think this time she's gonna
break my heart
There she goes again 2x I can't believe the pain it's
just like a stake
Going straight through my heart There she goes again
as she walks away
Baby don't walk away
Bridge
Girl what would it take, if I got down on my knees,
promise that I'll
Change to the man you want me to be, give me one
more chance, you won't
Regret it, oh I wish that I could find a way to make you
forget
liit
There she goes again, driving me insane, still am
trying to maintain, ay ay
Ay ay
There she goes again, no I made a mistake, shawty
don't walk away ay ay ay
Ay
