Text 3060402 to 69937 for 'Night Time by Tyler Shemwell...G-ESTEEM

/I'm i doing too much/Or losing my touch/

...a brilliantly written song about "can't wait until night time to party," with lines like,/Riding through the slum/Where i'm from/A place where crack fiends and fat girls love me the most/Some never made it home to take their work clothes off/Afraid they gonna miss something/
