When your love is far away from me  
I will hide you underneath my wings  
And the crowd will hear you calling out

When you're feeling like you've lost your way  
And the world you love has slipped away  
It's only me who's holding on

I can feel it every time you move  
And There's nothing I want more than... you  
This is something that I've never felt

If I told you that I love you still  
Could I see you running up the hill  
I'll be Jack and you'll be Jill

Come tumbling after me  
Come tumbling after me  
Come tumbling after me

I have tasted pain that knows no bounds  
I have lost the way but now I'm found  
I have brought you up to bring me down

When you're lying on the floor tonight  
Would you say a prayer for every guy  
That they all would come to find a love  
like yours and mine
