"Never Change Me"

So here we're talking again tonight
And you say nothing is alright for you
That things could all be so much better
If I would choose a different way
There's one thing you should know
Before I turn to go:
You've pulled the trigger on a bomb
And the timer's going crazy

No, you'll never change me tonight
'Cause so far I'm doing alright
You'll get the best of me
But you will never change me at all

Heaven knows what I've gone through
And the situation's getting worse
The same old game, it drives me crazy
I need a place to hide
Before I kiss the sky
You've got my back to the wall
But it never gets you anywhere

No, you'll never change me tonight
'Cause so far I'm doing alright
You'll get the best of me
But you will never change me,
No, you'll never change me tonight
'Cause so far I'm doing alright
You'll get the best of me
But you will never change me,
Never change me at all

Don't need a reason why
Now go and kiss the sky
This is our last goodbye
You've got your ass on a bomb,
And the timer's going,

No, you'll never change me tonight
'Cause so far I'm doing alright
You'll get the best of me

But you will never change me,
No, you'll never change me tonight
'Cause so far I'm doing alright
You'll get the best of me
But you will never change me
Never change me at all
