This is blood for blood  
And by the gallons  
These are the old days, the bad days  
The all-or-nothing days - they're back  
There's no choices left, and I'm ready for war  
And I'm ready for war

We are back, back to shatter  
Any stupid motherf\*cker that's thinking they can  
change the world  
We've all been deemed the poison coursing through  
your veins  
Re-constructing  
Regret all that you believe  
Destruction becomes all that we need  
Just when you thought you had it figured out that's  
when  
The wave of terror comes crashing down  
And just when you think the pain is too much to take  
You're way too f\*cking late

When your eyes go dead, the hell we send you to  
Will seem like heaven instead

An eye for an eye  
Fall to your knees  
Motherf\*cker tell me how do you plead?  
Guilty as charged

Motherf\*cker tell me how do you plead?  
Guilty as charged

Just when you thought you had it figured out that's  
when  
The wave of terror comes crashing down  
And just when you think the pain is too much to take  
You're way too f\*cking late

When your eyes go dead, the hell we send you to  
Will seem like heaven instead

So when you're trapped in your own hell don't wonder  
why,  
Because  
Life sucks and then you die  
Life sucks and then you die  
So live it up, who gives a f\*ck? Let's tear it up tonight  
Life sucks and then you die  
So live it up, who gives a f\*ck? Let's tear it up tonight
