Hey, hey
Well you are my strength
Even though I'm never weak
And You are my joy

Even though I'm never sad
But sometimes I see
That You get a little mad
I will always love You always

Do You love me?
I need to know
Do You love me?
Tell me if so

Here I am
Take my hand
Why can't You just understand me?
Don't run away
(Don't run away)

Will You ever realize
Theres more to life
Than meets the eye?
Don't run away
(Don't run away)

You stay close to my heart
Like the moon to the stars
You are in my head
Always near and never far

But sometimes I know
That You don't even care
I will always love You
Always

Do You love me?
I need to know
Do You love me?
Tell me if so, yeah!

'Cause here I am
Take my hand
Why can't You just understand me?
Don't run away
(Don't run away)

Will You ever realize
Theres more to life
Than meets the eye?
Don't run away
(Don't run away)

Someday You will stop ignoring me
(Hopefully)
Don't be afraid
Don't run away

Here I am
Take my hand
Why can't You just understand me?
Don't run away

Will you ever realize
There's more to life
Than meets the eye?
Don't run away

Hear I am
Take my hand
Why can't You just understand me?
Don't run away
(Don't run away)

Will you ever realize
Theres more to life
Than meets the eye?
Don't run away
(Don't run away)

Don't run away
(Don't run away)
Don't run away
Don't run away
(Don't run away)
Don't run away

(Don't run away)
(Don't run away)
