[V1]

Look back  
It's the same old story  
You left me, you left me broken hearted  
I really need a new beginning again  
Now it's time to say goodbye  
Every second's just a hole in my mind, yeeaaaahhh  
Now this is what you get  
Your heart belongs to someone else and yeeaaaahhh  
You get that you fought, you cried, you did everything  
Everything for nothing

I will take back everything that we built together  
I'm here I'm leaving to a better side where I can be myself again  
I saw the past through your eyes

You won't see me again  
Because I'm gone for good

[Chorus]

I'm leaving, I'm leaving  
Why did I waste my time on you  
You made me believe  
Now I can see I'm on my own

I'm leaving, I'm leaving  
Why did I waste my time on you  
You made me believe  
Now I can see I'm on my own

[V2]

The day I leave will be the day that you die inside  
I won't come back you bitch  
I gave you everything but you were so blind to see  
You were too deaf to hear

[Chorus]

I'm leaving, I'm leaving  
Why did I waste my time on you  
You made me believe  
Now I can see I'm on my own

I'm leaving, I'm leaving  
Why did I waste my time on you

You made me believe  
Now I can see I'm on my own

[Bridge]

All your words are covered by failing lies  
Look me in the eyes and tell me you really loved me  
The day I leave will be the day that you die inside  
The day I leave will be the day that you die inside

[Chorus]

I'm leaving, I'm leaving  
Why did I waste my time on you  
You made me believe  
Now I can see I'm on my own

I'm leaving, I'm leaving  
Why did I waste my time on you  
You made me believe  
Now I can see I'm on my own
