Why did I believe when you told me?
Oh you, you, you
When you told me
All the things you said
All your fucking words mean nothing
Cause you're fighting for anything, for anything
Cause we are waves
And you're just a fuckin' boat, bitch
I'm not the last man
Your lies could destroy everything but us

Why did I believe when you told me
"Just hold on, I'll be yours forever"?
I'll be yours forever
Why did I believe when you told me
"Just hold on, I'll be yours forever"?
You left me to die

If you told me that we're already dead
I wouldn't lie in this bed
Waiting for you, for you, oh
If you told me that we're already dead
I wouldn't lie in this bed
Lie in this bed

Why did I believe when you told me
"Just hold on, I'll be yours forever"?
I'll be yours forever
Why did I believe when you told me
"Just hold on, I'll be yours forever"?
You left me to die

I'll stand with all my friends
For what is right
You'll never change
What we are

You will never be stronger
Than what's keeping me grounded
You better leave me alone tonight

Why did I believe when you told me

"Just hold on, I'll be yours forever"?
I'll be yours forever
Why did I believe when you told me
"Just hold on, I'll be yours forever"?
You left me to die

We are all the same
From the 1st to the fuckin' last
We're the same
I never thought I'd be alone in this fight
In the daylight and in the dark
I did this on my own
We're the same
I never thought I'd be alone tonight
In the daylight and in the dark
The stars are lighting up my path
We're the same
I did this on my own
From the 1st to the fuckin' last
We're the same
In the daylight and in the dark
We're the same
From the 1st to the fuckin' last
