Let's dress up like the movie stars
And steal a car, and run away
 Away from home
 Away from home

Let's try to make them understand
What we want and what we need
 And what we're born to do
 And what we're born to do

I'm not the one you used to know
I'm not the one you used to know

Run with me through all cities
Someday we'll be kings and queens
 Kings and queens

Run with me through all cities
Someday we'll be kings and queens
 Kings and queens

Let's talk about your biggest dreams
Who you are, no boundaries here
 We're on our own
 We're on our own

Let's try to make me understand
What you want and what you need
 And what you're born to do
 And what you're born to do

You're not the one I used to know
You're not the one I used to know

Run with me through all cities
Someday we'll be kings and queens
 Kings and queens

Run with me through all cities
Someday we'll be kings and queens
Kings and queens

Just run with me through all cities
Someday we'll be kings and queens
Kings and queens

Run with me through all cities
Someday we'll be kings and queens
Kings and queens

Run with me through all cities
Someday we'll be kings and queens
Kings and queens
