Everything was fine the way it was
Normal and ordinary
Then there was you, so randomly too
And now you're staring at me

No one can choose who they fall for
Or when the fall, or how they fall, or why
I, well I fell for you and I must wait
it's only a matter of time

I will wait for you my darling
and I will wait for you

Oooh
Oooh

Everything was cool the way it was
Just me, my thoughts, and I
and then there was you, so randomly too
the way that you walked by

No one can choose who they fall for
Or when the fall, or how they fall, or why
I, well I fell for you and I must wait
it's only a matter of time

I will wait for you my darling
and I will wait for you (x2)

No, No I don't fall in love
No I can't fall in love
It's much too complicated
Having tried it before
I don't need it anymore
So I thought, So I thought,
So I thought

I will wait for you my darling
and I will wait for you (x2)

Aaah Aaah (x4)
