Watching ripples on the surface  
As you drown  
And you're sinking comfortably  
Touching bottom  
Just to nevermore be found  
I am free  
I am free

I lived my life darkly  
Do I go to heaven oh  
Life darkly  
So do I go to heaven oh

Watching ripples on the surface  
As you drown  
And you're sinking comfortably  
Touch bottom  
Just to nevermore be found  
I am free  
I am free

I lived my life darkly  
Do I go to heaven oh  
Life darkly  
So do I go to heaven oh  
I lived my life darkly  
Do I go to heaven oh
