Let me talk about you  
Another shadow from a distant past  
(I'm just starting to breathe I'm just starting)  
Let me talk about you  
There was no way this golden trip would last  
(I'm just starting to breathe I'm just starting)  
I came naked altered to the core  
I was shaking

And I'm Starting where the story ended  
Picking up the pieces I am  
Starting where the story ended  
From now on we'll always be apart  
(always be apart)  
Explosions in my heart

Let me talk about you  
Evolution didn't change you at all  
(I'm just starting to breathe I'm just starting)  
Let me talk about you  
I tried to tell you but you didn't recall  
(I'm just starting to breathe I'm just starting)

I came naked altered to the core  
I was shaking

And I'm starting where the story ended  
Picking up the pieces I am  
Starting where the story ended  
From now on we'll always be apart  
(always be apart)  
Explosions in my heart

(Can you see it in my eyes?)  
Can you see it in my eyes?  
Can you see it in my eyes?  
In my eyes.  
(Can you see it in my eyes?)  
(Can you see it in my eyes?)  
In my eyes.  
(Can you see it in my eyes?)

And I am starting where the story ended  
Picking up the pieces I am  
Starting where the story ended  
From now on we'll always be apart  
(always be apart)  
Explosions in my heart
