Stay away  
Stay away yeah  
You from her  
yeah stay away  
You broke her heart  
More than once  
How could you do that she loved ya

She was given her life for you  
She was doing everything for you  
But I'm sure you know that is just that you

You didn't care  
You just used her  
And when she was sad  
You were never there

You didn't care  
You just used her  
And when she was sad  
You were never there

If I could give you a name  
I would call you  
Heartless  
Heartless  
Heartless  
Heartless

Now look at her  
Look at her  
She's crying and laying on her bed  
How do you feel now about that  
But I'm sure that you still don't care

The last time I was not knowing you  
And I made the worst choice forgiving you  
But seeing who you really are  
You don't deserve her no you are (heartless)

You didn't care  
You just used her

And when she was sad  
You were never there

You didn't care  
You just used her  
And when she was sad  
You were never there

If I could give you a name  
I would call you  
Heartless  
Heartless  
Heartless  
Heartless

Don't come back  
Or you'll find me waiting for you  
Because I promise I won't let you talk to her anymore

If I could give you a name  
I would call you  
Heartless  
Heartless  
Heartless  
Heartless
