Fly dance
The liberation of love with my two hands
Fly dance
The cultivation of love with my two hands
Fly dance
The sensation of love with my two hands
Fly dance
The revelation of love with my two hands
I can tell you what I have to
I can tell you what I need to
But it won't really stick in your head
I'd really rather liberate
Yes I'd really rather free you
I wanna rip you from your spider's web
Fly dance
The liberation of love with my two hands
Fly dance
The cultivation of love with my two hands
Fly dance
The sensation of love with my two hands
Fly dance
The revelation of love with my two hands
Spider's in your head
Creepin' 'round your bed
The spider's lookin' now what does he see
Sly and ceremonial
You know he's a phony old
Tycoon with a penitentiary
The liberation of love with my two hands
Fly dance
The cultivation of love with my two hands
Fly dance
The sensation of love with my two hands
Fly dance
The revelation of love with my two hands
