Yesterday I saw
The iron curtain
Around your heart
Yesterday I saw
The iron curtain
Around your heart
Making me cry
Making me wonder
Bringing me down
But making me love you
Making me sad
Making me sorry and
A little afraid
But making me love you
Yesterday I saw
The iron curtain
Around your heart
Yesterday I saw
The iron curtain
Around your heart
Making me cry
Making me wonder
Bringing me down
But making me love you
Making me sad
Making me sorry and
A little afraid
But making me love you
Yesterday I saw
The iron curtain
Around your heart
Yesterday I saw
The iron curtain
Around your heart
