Bom be da Bom be da Bom Bom yea (4x)

I need my guy like a soldier ready to fight  
but with you it's a hype cause you bark but you can't  
bite

That other girl might have called you a winner once  
But I'm not her no I don't settle for the weaker ones

You're fooling everyone but me  
I need a dude who's free from trickery  
That got to you and I can see it  
Whoa oh

No you don't even get an intro  
(No drum roll no )  
You're like a rhythm with no soul  
(No drum roll yeah)  
And what's a feeling without no emotion?  
Boy go, no intro, no drum roll

Bom be da Bom be da Bom Bom yea (2x)

I don't care for the material  
Just as long as he's an original  
You'd better save those lines for that other chick  
I can't be as easy as I know you wish

You're fooling everyone but me  
I need a dude who's free from trickery  
That got to you and I can see it  
Whoa oh

No you don't even get an intro  
(No drum roll no )  
You're like a rhythm with no soul  
(No drum roll yeah)  
And what's a feeling without no emotion?  
Boy go, no intro (2x)  
no drum roll

Bom be da Bom be da Bom Bom yea (2x)

No intro  
Get right get right  
No drum roll  
You wanna be my soldier  
No intro  
Get right get right  
If you wanna go my way  
If you're going my way  
Flatlined and the deck has run low  
All bets are off honey now you've got to go  
When I blow out the fire from your candle  
Trying to hold on to what you couldn't handle

No you don't even get an intro  
(No drum roll no )  
You're like a rhythm with no soul  
(No drum roll yeah)  
And what's a feeling without no emotion?  
Boy go, no intro (2x)  
No drum roll

You get no intro  
Still no drum roll  
You get no intro no no no  
This ain't no solo, just like I told you  
You get no intro no no no no  
Sit yourself down now babe  
Don't make me get louder babe  
Come a little harder like the beat drumming  
Bom Bom be da bong hey bong hey

No you don't even get an intro  
(No drum roll no )  
You're like a rhythm with no soul  
(No drum roll yeah)  
And what's a feeling without no emotion?  
Boy go, no intro, no drum roll

Bom be da Bom be da Bom Bom yea (2x)
