This right here is for you, Yeah
This right here is for you

Walking on stage mic in my hand
Spotlight is only now strike up the van
I'm not afraid, turn me up loud
Something to say baby please leave me out

And I try to hold back the tears
What I try to tell you ___ in your ear
And I hope to make this real good
Just like everything that I do, all of this fear is for you

Chorus:
So turn me up
I wanna sing a song about love
So turn me up
I gotta sing a song about us
Make it louder, louder, louder
So turn me up
I gotta sing a song about love

You're the love of my life, queen of my heart
Only God knows what we've been do to be where we
are
All the messages and the work up
Now we go stronger then ever

So I try to hold back the tears
What I try to tell you ___ in your ear
And I hope to make this real good
Just like everything that I do, all of this fear is for you

Chorus:
So turn me up
I wanna sing a song about love
So turn me up
I gotta sing a song about us
Make it louder, louder, louder
So turn me up
I gotta sing a song about love

So I try to hold back the tears
What I try to tell you ___ in your ear
And I hope to make this real good
Just like everything that I do, all of this fear is for you

Chorus:
So turn me up
I wanna sing a song about love
So turn me up
I gotta sing a song about us
Make it louder, louder, louder
So turn me up
I gotta sing a song about love
