A QUESTION OF DICE  
Girl you look so rare  
with your power and complaints  
Do you think that I'm in love  
Are you better than me?  
Have you got a degree?  
It's empirical  
we'd get dust in peace!  
Girl You need to derail  
From my trousers from my veins  
Do you think I can sustain  
A Heavy burden like this?  
Well get dusty in peace!  
It's a question of time  
It's a question of choice  
You catalyzed then deeply turned my soul  
Love It's a question of dice  
This This looks so grey  
With anxiety and decay  
Do you think that I'm okay  
But isn't that what we'll reach?  
To get Dust in Peace!  
I don't know why  
We're never in line  
Laying tight then deeply stab my soul  
No we're never in line
