Blow it away
Blow it away
Blow it away
Blow it away

When it extends itself
To the point of breaking
And deep inside you know
Your demon's waking

In color red and redder
Break tomorrow
As mother turns her back
In broken sorrow

Blow it away
When you are all that's left
Blow it away
When you are all that's left

Embrace your enemies, embrace your fear
Embrace what you disobey
Kill what complicates you, hold it near
Blow it away

Complicated, overrated leaning
On the reason of one
In quiet desperation you are clinging
To the safety of the gun

In light the dark becomes
Illuminated fear
In white the black becomes
What you are holding near

And deep inside your
Guts are turning
Churning to the tune
What you've become

Embrace your enemies, embrace your fear
Embrace what you disobey

Kill what complicates you, hold it near
Blow it away
