I'll steal your life and cut out your heart  
Rip the core of your world apart  
Then I'll take your sight leave ya blind  
Laughing hard as you lose your mind

Smash in your skull  
Kick out your brains  
Dance all over  
What remains

Life, the living danger  
Death, the welcome stranger  
In sin, you deny the cross  
Life, the living danger  
Death, the welcome stranger  
In sin, you deny the cross  
Deny the cross

I'm an angel, I'm virgin white  
This only happens every night  
Restitution for my sin  
Imprisoned virtue, time begins

Killer instincts  
Escape my find  
Path of destruction  
Left behind

Life, the living danger  
Death, the welcome stranger  
In sin, you deny the cross  
Life, the living danger  
Death, the welcome stranger  
In sin, you deny the cross

Life, it walks away  
It walks today, it fades away  
Death, is here to stay  
Is here today to deny the cross

Draw and quarter, slice the meat  
Now there's something, more to eat

Nothing left there is, just a frame  
This poor soul has no name

Back to dirt  
Six feet deep  
I take a breath  
Long and deep

Life, the living danger  
Death, the welcome stranger  
In sin, you deny the cross  
Life, the living danger  
Death, the welcome stranger  
In sin, you deny the cross

Life, the living danger  
Death, the welcome stranger  
In sin, you deny the cross  
Life, the living danger  
Death, the welcome stranger  
In sin, you deny the cross  
Deny the cross
