Stop cryin'  
Ain't feeling sorry for you  
Why don't you fade away?

Got no time  
No time for what I gotta do  
And get a message through

Kiss my ass  
Your bitchin's a bore  
Don't wanna hear it no more

So stop cryin'  
Ain't feelin' nothing for you  
Don't like it, there's the door

Sorry if I'm not as nice as you could be  
Why don't you take the time to see?  
That the world does not revolve around only you  
And we got better things to do

You're starvin'  
Just startin' to talk  
I think you know it all

I'm sick  
I eat this shit everyday  
Why don't we give you a call

Authoritative  
And a reason to live  
You answer questions for me

Opinionated  
With a brain like a sieve  
Why don't you let it be?

Sorry if I'm not as nice as you could be  
Why don't you take the time to see?  
That the world does not revolve around only you  
And we got better things to do

Come back here  
Drink our beer  
Bend my ear with no idea

Wrong or right  
A true philosopher  
Defining our performance

Why don't you get yourself a life?  
Just get the fuck out here

We don't care, what they say  
We'll be there tomorrow like we're here today  
And all the criticism in the world  
Won't change a note we play

Come back here  
Drink our beer  
Bend my ear with no idea

Wrong or right  
A true philosopher  
Defining our performance

Mix it up, throw it down  
We came to play, not to mess around  
We don't care, what they say  
We'll be there tomorrow like we're here today

Don't do it for the money  
Do it for the thrill  
True to life is what you get  
We're livin' for the kill

Come back here  
Drink our beer  
Bend my ear with no idea

Wrong or right  
A true philosopher  
Defining our performance

Drunken  
Wisdom  
Drunken

Drunken  
Wisdom  
Drunken
