Elimination

Terminal, what disease

Told me too late

What's this cough and wheeze?

Fatal, you're shittin' me

A second opinion

Is what I need

Laughin' in a windstorm

Blowin' all the cornstalks down

Cryin' in a funeral home

Forward my mail, six feet underground

Elimination

Elimination

Elimination

Elimination

Contagious, say why not

Not just me

Waitin' to rot

Painful

Yeah I know

When I had to go

I'm yankin' on my plug

And I can't seem to get it loose

Pullin' all the stops

Your ideals change, when you got

Nothin' to loose

Elimination

Elimination

Elimination

Elimination

Eliminate the right

Eliminate the wrong

Eliminate the weak

Eliminate the strong

Eliminate your feelings

Eliminate too late

Eliminate the hope  
Eliminate

If I had just one more day  
I'd turn it all around  
I'd make a play of good, clean livin'  
And dig me out of the ground  
And if I had just one more day  
I'd say it to your face  
Pull the plug on everyone  
Eliminate this race

We want to cure  
And we want it now  
Reissue hope  
We don't care how  
You're makin' a mess  
Diseasin' a nation  
Runaway train to elimination

Hopeless there's no doubt  
Set on a slow burn  
From the inside out  
Carefully say what for  
Last one out  
Closes the coffin door

Spendin' all you saved  
And wishin' for a little more  
If I'm lookin' at the ceilin'  
Then I must be layin' on the floor

Elimination  
Elimination  
Elimination  
Elimination

Terminal, what disease  
Told me too late  
What's this cough and wheeze?  
Fatal, you're shittin' me  
A second opinion  
There's gotta be

Laughin' at the epidemic  
Somethin' is goin' around  
Cryin' at the epidemic  
Pullin' on nails, six feet underground

Elimination

Eliminate the right  
Eliminate the wrong  
Eliminate the weak  
Eliminate the strong
