All those dreams and broken glass  
Swept down the sewer with the rest of the trash  
Never to be seen again  
Now you're makin' a home in a garbage can

But here's a little story that I lived to tell  
Hello from the gutter  
Hello from our little hell

Wasted days, wasted nights  
Hypnotized by the city lights  
Another king, another queen  
Livin' in the shadows so they can't be seen

Remember all the world lies at your feet  
And the big apple's rotten  
Rotten in the heat

Hello, hello  
Hello from the gutter  
Hello, hello  
Hello from the gutter

Hello, hello  
Hello from the gutter  
Hello, hello  
Hello from the gutter

Gutter child, sweet sixteen  
Broadway stars that have never been  
All those dreams and broken glass  
Swept down the sewer with the rest of the trash

Well here's a little story that we lived to tell  
Hello from the gutter  
Hello from our little hell

Hello from the gutter  
Hello from the gutter  
Hello from the gutter

Hello from the gutter, hey

Hello from the gutter, hey  
Hello from the gutter, hey

Welcome the the gutter  
We've been expecting you
